September 2010 update:

Beginning with our October 2010 Board of Director's Meeting's scheduled on the first Thursday of each month and continuing through 2011 we will conduct our meetings at the Fifth Third Bank building located south of the island on San Marco road next to Walgreen's. The address is 1818 San Marco road. It seems the person at the present Fifth Third Bank scheduled us for the year and also scheduled another group who has been having their meetings at this location for some time they had only took the summer months off. They were apologetic but have helped us with another location. If you have any questions, shoot me an email.
